REPORT OF THE FOREST FIRE WARDEN

To the Selectmen:

Each year there is a demand for a statement on forest fires for publication in the annual town report. It is believed they serve a good purpose in reminding local citizens of the danger from such fires and how they can help prevent them. The following is offered with the respectful request for publication in your town report.

Sincerely,

JOHN H. FOSTER,
State Forester.

FOREST FIRES—OUR MOST SHAMEFUL WASTE

Everyone apparently fears fires but too many are careless with it. This is particularly true of fires in and near woodlands. Official figures show that more than 98 per cent of all forest fires result from human carelessness and can be prevented. Consequently, we may say "Forest Fires are our most shameful waste."

Annual forest fire losses are tremendous and their effects far reaching. Such fires destroy the raw products of the forests, the protection forests provide for game and the supply of ground water. They upset local economies by drawing men from gainful employment and requiring the expenditure of public funds to extinguish them.

Our forest fire organization is doing a good job in keeping the size of fires small but the number of fires is increasing. In 1949 there were 100 more fires in New Hampshire than in 1948, but they burned 500 acres less. For the warden and his deputies to do the job they are capable of, they must have the cooperation of the public — YOU!

The primary objective of all fire fighters is PREVENTION — fire stoppage. This is the goal toward which your local forest fire warden and his deputies
are constantly working. It can be achieved ONLY if YOU and YOU and YOU cooperate with them. It is worth YOUR effort and can be accomplished by:

1. Being careful with fire in or near woodland, being particularly careful with matches and cigarettes.
2. Securing the required written permit from the warden when the ground is not covered with snow.
3. Insisting that others be careful and comply with burning requirements.
4. Calling the warden promptly when fire is detected and aiding him to extinguish it.

Let's reduce the number of forest fires and eliminate our most shameful waste.

ANNUAL REPORT FOR 1949 OF LEE VOLUNTEER FIRE DEPARTMENT

At the start of the year the department owned a war-surplus pumper, cost $1,000, and a 700-gallon tank truck, cost $1,000. The Merchants Bank of Dover held mortgage notes on these pieces which had been reduced from an original $2,000 to $1,500. The notes were secured by the signatures of Albert Fuller, Herman Randall and Lloyd Saulnier.

On or about June 20 the pumper was sold for a reputed $2,500 ($500 of which was said to have been refunded when the machine broke down during its test) to the Georgetown, Mass., fire department. The sale evidently was arranged by Mr. Fuller with the acquiescence of Mr. Randall, but without the knowl-
edge or consent of the Fire Department or Mr. Saulnier. With part of the proceeds, the notes held by the bank were paid off. Mr. Fuller alleged that the pump-er belonged to the signers of the notes, not to the department. Legal counsel was engaged but although the department seemed to have a good case the amount involved was so small that after exhaustive investigation it was decided not to file a suit.

At the end of the year the department owned the tank truck only, but it was debt-free.

At the October meeting it was voted to buy from Mrs. J. H. Fisher a corner lot in Lee Hill on the Bennett Road for $300. A $50 deposit was made. About $200 has been subscribed or pledged, but as this is $100 short, the deal has not been consummated.

At a meeting of the department on June 21, when rumor of the sale of the pumper was circulated, the old officers resigned and following new officers were elected: Chief, E. Sackett; 1st Asst. Chief, A. Chadbourne; 2nd Asst. Chief, W. Fernald; Treasurer, Bishop Dallas; Secretary, P. Dineen; Directors. E. Johnston, L. Tyler, C. Sanders.

Since the election of the new officers the following calls have been answered:

July 30—Tractor, hayfield, and woods fire at Ed White’s. Through Mutual Aid help was called from Durham, Dover, Madbury and Barrington. Loss estimated $250.

August 8—Woods fire, east of Route 155 between Lee Hill and Little River. No loss.

August 9—Woods fire, about same place. No loss.

August 30—Mutual Aid call for help on barn and woods fire in Dover.

August 30—Mutual Aid call for help on fire in O’Kane house in Durham.

November 25—Trash pile fire at Welch’s. No loss.

December 10—Chimney fire at home of Misses Par-
menter and Deveneau. Help came from Durham. No loss.

December 31—Newmarket call for help on house fire on Route 152.

IN CASE OF FIRE: By telephone say, FIRE EMERGENCY in Town of Lee. Operator will put call through to right number. This goes for Newmarket, Dover or Epping exchanges. When the call is answered be sure to tell where the fire is and what kind of a fire it is.

If no telephone is handy, places in different parts of town to go for help are: At Lee Hill—Sam Taylor’s, E. Menter’s, Crouse’s Garage; Mast Road—Chadbourn’e’s; Five Corners—Sackett’s; Calef Highway—Fernald’s Store; Lee Hook—Sander’s; South Lee — Charles Piper’s.

Distributed with this report is a map of the Town of Lee prepared by the Lee Volunteer Fire Department, with an alphabetical list of all residents. This will help in locating fires promptly. Anyone left off the list or moving into town should notify the Fire Chief.

EVERETT B. SACKETT, Chief.

The school board arranged to have grades VII and VIII go out of town, as the most economical way of relieving overcrowding. New school bus routes were established, to Newmarket and Epping. On February 1st, a citizens' meeting was held at the Town Hall, at which the development of a cooperative district with neighboring towns was considered as an alternative to building a new schoolhouse in Lee. The school census indicates the following numbers entering Grade I: 8 in 1950, 8 in 1951, 8 in 1952, 12 in 1953, 6 in 1954.

Physical education and special handwriting instruction have been introduced with special teachers for the first time in Lee. Music should be re-introduced at an early opportunity.

The lunch program has been continued, apparently
on a more secure footing than ever. The close proximity of the schoolhouses and the lunch facilities makes the program that much easier to manage. Mrs. Eleanor Fogg has been taking charge of the lunch center.

The School Nurse, Miss Myrtle Fletcher, reports all children vaccinated. An encouraging number of pupils with dental defects and their teeth attended to. Besides the inspections in school, home visits, and sending of notices, the nurse accompanied children out of town for various kinds of treatment. Twelve children had treatment at a state clinic to prevent diphtheria, tetanus, and whooping cough. No pupils were reported with perfect attendance last year. If this indicates that parents are being more careful about sending children with colds or signs of communicable disease, it is a good thing.

Lee teachers attended a three-day "workshop" in Conservation Education" at Barrington School in September. Organizing the corps of experts from state departments and other organizations was Mr. John Dodge of the Fish and Game Department. He is available for further assistance to teachers or other interested groups. Mr. Russell Leavitt and other members of the state office staff collaborated in the project. The teachers and others in attendance studied soils, water resources, wild-life, and forests, by means of moving pictures, references furnished by the state library, and field trips. While assembled, the teachers were administered the prescribed "loyalty oath." They went back to their schools realizing that true loyalty to our country involves a wise use of its resources and an effort to preserve them for future generations.

Respectfully submitted,

CHESTER. W. DOE.
